EVO | HD

THE EVOLUTION OF IN-CAR VIDEO SYSTEMS

EVO-HD, revolutionary in-car system that delivers versatility and reliability for your department or fleet. With built-in, patented auto-activation technology, EVO-HD captures multiple recording angles in sync from both a FirstVu HD and FirstVu PRO body-worn camera and in-car camera – all from a single trigger. The EVO-HD maximizes space and offers top-end reliability – paired with remote service capabilities.

THE EVO HD™ FEATURES:

- Built-in Patented VuLink® Auto-Activation*
- Up to 4 HD Cameras
- Near Real-Time Mapping & Geofencing
- Dispatch Activation
- Simultaneous Audio and Video Playback of Body Camera and In-Car Camera
- Cloud Service Powered by Amazon Web Services

*Patent#:8.781.292&9.253.452

FEATURES & TECHNICAL DETAILS
